Honor an Outstanding Educator at The Kansas Teachers' Hall of Fame (Dodge City)

Honor that outstanding and special educator by having a brick engraved and with their name placed in the WALK OF FAME at the Kansas Teachers' Hall of Fame in Dodge City, Kansas. You also receive an engraved paperweight to present to the person you are honoring.

The Kansas Teachers' Hall of Fame was the first Teachers' Hall of Fame established in the United States. Mr. Laurence Stanton established it in 1977. This is an opportunity to have an engraved brick placed in the Walk of Fame leading to the building located at 603 Fifth Avenue in Dodge City, Kansas for all attending to recognize the contribution this person has made in the field of education.

The brick has the availability of five lines of print. If the top line is used, it will state either "in honor of" or "in memory of." The second line is for the persons name and the third line for the city, school district or building, the fourth line will list the date it is being placed and the last line may be used to list the organization or person responsible for placing this brick. This is the maximum amount of engraving but it is not a requirement to use all of the lines.
